1. It is becoming necessary to compile and publish selected textbooks for each semester for the benefit of the student.
2. University should incorporate some more skill based programmes/papers in the curriculum for the benefit of the student for enhancement for employability in various sectors.
3. The department of Education demanded to change the Practice Teaching Paper from 4th semester to 5th semester as it was earlier in the 5th semester. And moreover the 6th semester Project Paper should be compulsory for the students of education.
